Let's talk numbers. Real claims, real savings.

If your organization only has a general liability policy, you may not be as covered as you think. Here's a real claim from one of our insureds to help explain why A&H coverage is so valuable. It's a winning combination.

THE SITUATION

Cruel School

Andy's an eleven year old who got his hand caught in a door at school. Medical expenses were over \$10,000. After his parents' primary health insurance covered some, out of pocket costs were still \$4,100.

WITHOUT POMI

Without pomi's A&H coverage, you could be on the hook for that \$4,100 plus legal fees!

Imagine how many school books you could buy with that! And chances are, your general liability coverage could increase too, potentially costing you even more money.

WITH POMI

With A&H coverage, the full amount was covered – all for a fraction of that \$4,100.

And, since the policy not only covered Andy but the rest of the school, other potential accidents would be covered too. Lesson learned!
