Let's talk numbers. Real claims, real savings.

If your organization only has a general liability policy, you may not be as covered as you think. Here's a real claim from one of our insureds to help explain why A&H coverage is so valuable. It's a winning combination.

THE SITUATION

Don't Get Burned

Brooke is a 5th grader that loves her after school cooking class. One day, she forgot to use her oven mitt and burned her hand. Medical expenses totaled over \$5,000. Even after her parent's primary health insurance covered some, out of pocket costs were still over \$3K.

WITHOUT POMI

Without pomi's A&H coverage, the school could be on the hook for that \$3K plus legal fees!

That's a lot of cupcakes! And chances are, general liability coverage could increase too, costing even more money.

WITH POMI

With A&H coverage, the full amount was covered – all for a fraction of that \$3K.

And, since the policy not only covered Brooke, but the rest of the cooking class; other potential accidents would be covered too. Now that's a sweet deal!
